WEDDING PACKAGES YOU CAN AFFORD!

We know how important your Special Day is to you but we also realise that you might have budget restraints too! Even a small family wedding can cost a bundle and you may not want to outlay thousands of dollars just for your wedding video. We strive to provide costings that are reasonable and within our normal commercial rates and not grossly inflated like so many wedding services have become. With this in mind we can offer easy-to-decide packages below that you can simply choose to suit your budget. However if you have that very special large wedding planned (or a tiny one) and the packages don't suit, then just call us and we will customise a package to your exact requirements. All costs quoted are based for the Perth Metro Area.
